ENOCH CARTER TELLS WHERE HE STANDS

Guthrie, Okla., November 2. Dear Sir:—On Tuesday, November 2, you will go to the polls to cast your vote for county, state and national officers and no doubt you are one of the large number who considers the candidates' merits, especially in county affairs where you have an opportunity to learn something of each candidate running for office.

I am asking for the second term as County Assessor for the reason that the experience I have gained in the past two years would enable me to make further corrections of real estate values as I now have a better knowledge of where property is too high as well as too low.

I have faith in the pride and patriotism of a large majority of the citizens of Guthrie. I believe they desire to uphold the credit and standing of the city in which they live.

In order to maintain your municipal

government a certain amount of money must be raised annually by taxation. Valuations must be placed upon property both real and personal. Levies for municipal and school district purposes are fixed by law. Last year Guthrie went the limit, in regard to levy, and hardly raised enough on the valuation made by the assessor to defray the expenses for the city that year.

I realize the fact that a great deal of Guthrie property will not sell for as much as it was assessed, the reason for which has been the depression of the market. As you maintain your city government with its obligations, will your property have to be assessed sufficiently to raise the necessary taxes?

The duty which has caused me the most concern has been the improper distribution of values without discrimination. A careful investigation of my assessments will reveal the fact that I have at least been fair in between individuals. In order to

justly equitize the real estate in our city, I was forced to raise the valuation on some of the best homes and business houses and to make a reduction of the small properties and out-of-date stuff with the result that the city got a \$200,000 reduction on real estate. If elected I expect to lower the valuation of real estate as much as conditions will permit.

A square deal will appeal to any right thinking man and this is what I have endeavored to give you, with what success you are the judge, and no matter what your verdict may be at the polls, I will have the same kindly feeling to all—Respectfully, E. H. Carter, (Pol. Adv.)

Baby Had Whooping Cough.
Mrs. Sam C. Small, Clayton, N. M., writes: "My grandson had whooping cough when he was three months old. We used Foley's Honey and Tar and it helped him. He is now five and fat." Foley's Honey and Tar is a fine thing to have in the house for whooping cough, croup, coughs, colds, colds everywhere.

The County Normal

It has been the custom of the present County Superintendent to have the teachers employed in the schools of Logan county attend the Normal Institute at Edmond, for their Normal training, each year. It is my belief that a thoroughly competent Normal Institute can be maintained in Logan County, that will be a credit to the County and will give entire satisfaction to everybody. This will not only be a saving to the teachers of the county, in their expenses, and comfort, but will also retain in their home county the money which they must necessarily expend. If elected I shall keep the Normal at Guthrie.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It
Brings Back Its Beautiful
Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur Compound will give it a new life.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe, improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it dyes the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

WHY I AM FOR WILSON

By Robert S. Lovett
Chairman of the Board of Directors of the Union Pacific Railway

I am for Wilson, because I believe he has more really great achievements to his credit than most Presidents who have preceded him. What President has shown more loyal friendship for every form of legitimate business? Even the railroads—the favorite field for political exploitation—have received justice at his hands. Let us not forget what we owe Mr. Wilson for the present prosperity of the country. Are the American people going to permit an American President to be driven from office by an alien element in our political system, for daring to insist upon American rights against a foreign government? There is no mistaking this issue.

WANTED—15,000 OKLAHOMA VOTERS.

The Prohibition party is the promoter of every important measure of social justice presented to the American people in the last two generations, and as the originator of nearly all such legislation, remains not only the real progressive party. As a party of protest, it is the only party in America today which is a political check upon the old line parties.

The old line parties are endeavoring to crush this party of protest. This is contrary to the American spirit of fair play. WHY NOT BE AMERICAN ENOUGH TO GIVE THIS PARTY A CHANCE?

A political party is an affiliation of voters. . . . which . . . polled for President . . . 5 per cent of the entire vote . . . 10 per cent of the vote . . . of as many as 5 other states. When such political parties fail to receive at the general elections, following each other, 10 per cent of the vote cast for the party involving the highest number of votes, it ceases to be a party. At the primary election held in August, 1914, any party which has a national organization as a party shall be recognized as a political party in Oklahoma—Soc. Sec. Law 1914, p. 115, sec. 9.

The Oklahoma Prohibitionists must have, November 7, about 15,000 votes or suffer annihilation.

To save the life of the Oklahoma Prohibition Party, dedicate your vote and influence in this 1916 campaign to the Presidential electors representing the Prohibition candidates, Harty and Landrith.

ELECTION CONTEST DECIDED BY COURT

Oklahoma City, Nov. 2.—Justice Hardy of the supreme court has decided the contested election case from Pittsburg county, wherein J. O. Pierce and Ernest Whitaker both claimed the Democratic nomination for county commissioner in precinct 2. The judgment in the lower court in favor of Whitaker was affirmed. Justice Hardy says:

"The duties performed by the county election board when recounting ballots cast at a primary election are ministerial in their nature and said board in so doing is not vested with judicial power to inquire into and determine questions that are judicial in their character but is limited to a recount of the ballots upon their face."

This opinion elucidates some points involved in recount of ballots that have been voting in the past and have sometimes led to further complications growing out of the rulings by the election board on questions of judicial and not ministerial character.

GREAT CITY OF NEW YORK FACES A COAL FAMINE

PRICES ARE ADVANCED TO
\$8.50 A TON, WITH ONLY
ONE TON TO CUSTOMER

New York, Nov. 2.—Coincident with the unprecedented increase in the price of domestic coal to \$13.50 a ton, here today, retail merchants notified the public that only conservation of the supply and limitation of deliveries to one ton a customer would avert a famine.

The soaring prices are due, retailers and wholesalers agreed, to the enormous demands of manufacturing plants, which are working either full time, overtime or double time; the shortage of unskilled labor at the mines, the freight car shortage, the premature consumption of the reserve stock and the utilization of domestic coal for manufacturing purposes.

"There is no definite retail price," said Commissioner Alfred G. Rice of the Coal Merchant's association in a statement. "Retailers who have a reserve supply may be able to regulate prices, but those who are forced to buy their stock at current prices will have to shift the increase, whatever it may be, to the consumer."

Experts decried speculators were cornering the market. Prices will continue to soar while the existing industrial conditions prevail. Only 20 per cent of the coal produced is affected by the increase, they contend, as the other 80 per cent has already been sold under yearly contracts.

Records show increases of 100 to 200 per cent in the wholesale prices since August.

The strike in Oklahoma and Arkansas intensifies the situation.

MEN FEEL TIRED, TOO

While much is said about tired women it must be remembered that men also pay the penalty of overwork. When the kidneys are weak, inactive or sluggish, when one feels tired out and miserable, has the "blues," lacks energy and ambition, Foley Kidney Pills are tonic and strengthening. They act quickly. Sold everywhere.

OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Bread Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil.

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 25-cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.
